

## Coquet Island SPA Simple Assessments

Habitats Regulations Assessment document: CSPA – tLSE 001

<b>European Marine Site:</b>	<b>Coquet Island SPA</b>
<b>Generic sub-feature(s):</b>	<b>Intertidal mixed sediment, Tideswept communities, Intertidal bedrock reef, Intertidal boulder and cobble reef, Pursuit and Plunge diving birds, Water column, Saltmarsh</b>
<b>Gear type(s):</b>	<b>Heavy otter trawl</b>
<b>NIFCA tLSE type:</b>	<b>Simple</b>
<b>Gear/feature interaction reference(s):</b>	<b>CSPA - 001 CSPA - 002 CSPA - 003 CSPA - 004 CSPA – 005 CSPA - 193 CSPA - 194</b>

<b>Revision history</b>		
<b><i>Date</i></b>	<b><i>Revision</i></b>	<b><i>Editor</i></b>
22/04/2015	Document created	SM
09/11/2015	Features added	SM

### **Test for Likely Significant Effect (LSE)**

<b>Potential for Likely Significant Effect?</b>	No
<b>Justification and evidence</b>	<p>Synthesis of evidence and local knowledge informing this decision occurred between January 2014 and the date of this document's creation with stakeholders (where appropriate) and other statutory authorities. Natural England (CS) was involved with this informal process.</p> <p>No current activity within the Coquet Island SPA or the surrounding area (Jon Green, pers. comms.).</p> <p>Activity does not occur within the intertidal zone and therefore any interaction with features listed highly unlikely.</p>

## Conclusion

Is the proposal likely to have a significant effect 'alone or in combination' on the Coquet Island SPA?

No

<b>Has Natural England been formally consulted on this tLSE (and do they agree)?</b>	<b>Yes</b>
--	------------

<b>Date of document completion/'sign-off':</b>	<b>11/11/2015</b>

## **Test for Likely Significant Effect (LSE)**

<b>Potential for Likely Significant Effect?</b>	No
<b>Justification and evidence</b>	<p>Synthesis of evidence and local knowledge informing this decision occurred between January 2014 and the date of this document's creation with stakeholders (where appropriate) and other statutory authorities. Natural England (CS) was involved with this informal process.</p> <p>No current activity within the Coquet Island SPA.</p> <p>"Nets are not observed in close proximity to the site. There have been no reports of classified SPA bird species being caught or being disturbed" (Paul Morrison, pers. comms. 24/04/2014(RSPB site manager on Coquet Island)</p> <p>Only pelagic drift netting in the district is for migratory species, which is regulated by the Environment Agency (Jon Green, pers. comms.)</p>

## **Conclusion**

**Is the proposal likely to have a significant effect 'alone or in combination' on the Coquet Island SPA?**

No

<b>Has Natural England been formally consulted on this tLSE (and do they agree)?</b>	<b>Yes</b>
--	------------

<b>Date of document completion/'sign-off':</b>	<b>11/11/2015</b>
