

Channel Non-Quota Demersal Stocks

The Channel NQS FMP covers International Council for the Exploration of the Sea (ICES) divisions 7d (eastern channel) and 7e (western channel). It will include important non-quota demersal (bottom living) species.

The consultation for the draft Channel Non-Quota Demersal Stocks FMP closed on 1st October 2023. The FMP will be finalised and published in December 2023.
