

## **Southern North Sea and Eastern Channel Mixed Flatfish**

The Southern North Sea and Eastern Channel mixed flatfish FMP covers the English waters within International Council for the Exploration of the Sea (ICES) divisions 4b, 4c and 7d. The plan will include a number of flatfish species (quota and non-quota).

The consultation for the draft Southern North Sea and Eastern Channel Mixed Flatfish FMP closed on 1<sup>st</sup> October 2023. The FMP will be finalised and published in December 2023.
